The Great Remedy for Gonorrhœa

GLEET, Stricture and all analagous complaints is **Dr DOUGLASS'S ARABIAN PASTE.** Dr Douglass is well known having practiced in the principal cities in the Union during the last 40 years. His only reason for introducing the Paste in this public manner, is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks.
Dr D most solemnly affirms that during his practice of forty years this Paste has never in one single instance failed of effecting a cure in a few days without any change of diet or hindrance from business. He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years but after taking the Paste for a few days the angry symptoms disappeared and the patients were discharged, entirely cured.
If the unfortunate instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste we should not see so many emanciated bodies and sallow countenances as we do at at the present time.
☞ In case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchasers on returning the empty boxes.
For sale only by the original inventor and sole proprietor Dr PETER G DOUGLASS at his Office, No 55 Union street, Boston, at $5 per box where he can be confidently consulted on every disease incident to the human frame and the patient rely upon the most beneficial course of treatment that can possibly be adopted.

SIR BENJAMIN BRODIE

Surgeon to the Royal Family of England says there is no other medicine which is CAPABLE of doing so MUCH GOOD and yet so INCAPABLE of doing injury. What distinguished compliments are these? Never was there a medicine honored with STRONGER RECOMMENDATIONS. It CURES when every thing else fails the

Severe Scrofula and Humors,
where the flesh falls off the bones—the bones are diseased and the DART OF DEATH seems ready to strike the sufferer. And the reason for this is, that it makes the **BLOOD** perfectly Pure Rich Healthy Quick Free Nutritive. It CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE where the Liver is Swollen and Painful Strength wasting Appetite gone Pulse weak or Feverish Skin yellow Nerves deranged. It restores Health, Strength and Vigor to every disordered function of the System—closing them to move on just as Nature requires. And it is WONDERFUL Power over Disease in every form and part which no other Medicine possesses, the public justly style it the

Master Remedy of the Age!
The great secret of all its triumphant success over all other Sarsaparillas, is, that it does not tamper with the patient or prolong his sufferings. But it first attacks the disease and stops it then removes it then brings up the flesh and strength to a perfectly pure Blood so that the cure is always thorough and permanent. Others only scatter or hold on the disease, but this EXTIRPATES it wholly from the system—this saves the patient alive. It is others endanger it. The whole Body is made so healthy by the use of this GIANT MEDICINE, the System so vigorous—Mind so cheerful—Nerves so quiet—Skin so fair—Spirits so buoyant, that **Medical Colleges, Professors,** and Physicians always prefer it for the sake of its Superiority. Try it all you who are seeking the TRUE LESS BLESSINGS OF HEALTH.

Ladies, Married and Unmarried!
It is for you especially that this Sarsaparilla is made as the HEALING ART has been tasked to the utmost to have it exactly suited to FEMALE COMPLAINTS. These Complaints have never been cared for as they ought, hence it is that all the medicines which are used with the hope of cure so invariably and entirely fail. But this Sarsaparilla has the SPECIAL ability, to cure every Disease Affliction or Pain within these under this head. It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches Pimples, Freckles.

Prepared by STEPHEN JEWETT son of the late Dr STEPHEN JEWETT of Rindge N H
Principal Office,—No 30, India Street, Boston.

Please read the following certificate of a highly respectable and aged gentleman:
RINDGE, N H April 1848
To all whom it may concern
I the undersigned do hereby certify that I was acquainted with the late Dr Stephen Jewett from my boyhood up to the time of his death and having been his nearest neighbor can testify to his medical skill and knowledge of Botany with hundreds of others now living and that in the year 1814 I was afflicted with jaundice palpitation of the heart pain in the side and general debility so as to be *unable to attend to any business* and being a neighbor of the late Dr Stephen Jewett I had recourse to his far famed *Bitters* and *Plaster* ... by their use was permanently cured. Since the above named date, I have used Dr Jewett's medicines with equally good effect as prepared by Stephen Jewett son of the late Dr Stephen Jewett of Rindge N H and I cheerfully recommend them to the public as safe and invaluable medicines—as being composed entirely of vegetables I think them far better suited to the diseases of our climate than medicines composed of minerals or foreign nostrums. Try them, and judge from facts and experience. I consider Dr Stephen Jewett's Strengthening Plaster far superior to any external application for the purposes for which it is recommended of any that I have ever known.
EBENEZER BLAKE

DR STEPHEN JEWETT'S
Health Restoring Bitters.
These Bitters acting as they do upon the Stomach Liver and Bowels removing all the morbid secretion thereby purifying the blood and invigorating the digestive organs not only cure diseases that already exist, but they also fortify the system against all attacks of disease. It is a common remark among those who have used Dr Jewett's Bitters that they have but little fear of being sick. The remark is strictly true for while the stomach and bowels are kept in a good condition and the blood pure all the great predisposing causes are removed and the whole system is fortified against those morbific influences which under less favorable circumstances would have engendered perhaps fatal disease.
In order that the public may know that they are offered a truly excellent article we append the following certificate which may be seen with numerous others in the original, by calling on the proprietor.
BOSTON May 15 1848
To all whom it may concern—I hereby certify that I have been for years troubled with a scrofulous humor which has been very troublesome and was fast undermining my health and had severe pains in the back loss of appetite fatigue and general debility.
A short time since I commenced taking Dr Jewett's Health Restoring Bitters, and in a very short time every barrier ... my appetite improved and my health has not been so good for years all of which I attribute to Dr Jewett's Health Restoring Bitters.
(Mrs) E H RUSSELL Beach Street

DR STEPHEN JEWETT'S
Pulmonary Elixer.
Nearly one third of all the deaths that occur in New England are caused either directly or indirectly by diseases of the Lungs and Chest. Why is this great sacrifice of human life? How happens it that the brightest intellects of the highest promise the hope and support of declining years are smitten down in early life? Why is it that so many families have been made desolate by that fell destroyer Consumption? And how happens it that so many interesting and lovely children are cut down every year by those dread diseases the Quinsy and Croup? Is it because these diseases are incurable? Physicians will tell you these diseases can be cured—if taken in season.
It is true these diseases can be cured with almost absolute certainty—if taken in season. Every body should be aware of this fact and provide themselves with Dr Jewett's Pulmonary Elixer.
The following certificate among numerous others which have been received are appended for the benefit of those who desire to see certificates.
WINCHENDON Mass March 10, 1848
Stephen Jewett—Dear Sir —I feel it a duty to you and to the public generally, to inform you that I who may have been afflicted as I have that I have been entirely cured of a severe and long continued cough by one bottle of your Pulmonary Elixer—For months I have been a great sufferer. I had pain in my left side sore throat constant cough and raised a good deal of hard looking matter. My strength was gone and my flesh was wasting away. I took many things without benefit and was steadily getting worse, till I procured your Pulmonary Elixer which has cured me, and I cheerfully recommend it to all who are troubled with coughs.
Yours truly

The Loco theory and the Loco practice —Ad valorem and Specific Duties

A great many pages have been written in the statement, explanation and praise of the locofoco theory of the assessment of duties on foreign importations on their value at the port of shipment. The ad valorem principle against the advice of the Whigs, and adversely to the counsel of the leading merchants of the country, was made the basis of the tariff act of 1846 Mr Secretary Walker's closet speculations to get up a revenue system differing as widely as possible from the Whigs, had proved to his satisfaction the hypothesis that the principle of ad valorem duties was better than specific Well, his plan was adopted and the Washington Union and all the loco presses, great and small, even down to the little end of nothing whittled off, the Bangor Democrat, sung praises to Mr Walker's grand revenue scheme which in their belief, was to vindicate itself before the country and the world as the quintescence of political wisdom These Seers rubbed each others ribs in high glee, and their diaphrams danced with delight when the potato rot struck its blight on Europe and gave an unwonted demand for American corn and flour and employment to American shipping This they considered a part of the plan

The mischief has been going on at the custom houses and its influence disastrously felt by honest importers, and by American workingmen whose manufactures came within the sphere of foreign competition The ad valorem duty has tempted foreign shippers to put the invoices at the lowest possible rate, just as was stated by the Whigs would be the result

The evils and frauds and entanglements and the variations in the appraised values of goods at different points, have brought Mr Walker down from his stilted theory spread out in ponderous pages, to an approach toward a practical remedy in the form of a circular, to maintain fair and honorable merchants in their business, against sales of imported articles at diminished rates arising from fraud or under valuation —The very evils which the principle of specific duties would obviate, but which the ad valorem principle necessarily engenders as long as men will strive to get rich by any other than purely honest means

Instead however of meeting the true remedy by recommending a return to the common sense Whig system of specific duties of levying a certain sum on a cord of wood, a barrel of fish, a yard of cloth a bushel of salt, &c, he resorts to various expedients in the hope of getting along and concealing the entire absurdity of his highly praised theory. One expedient is to secure pay of duties in kind, that is if the duty is 20 per cent to take one fifth of the goods if 5 per cent one twentieth and so on Thus making the custom houses great bazars of barter trade and[illegible] are to be sold at auction and the same ex[illegible] trade come about by different steps

It is fortunate for [illegible] that the incoming administration is not wedded to the theories of Mr Secretary Walker and his political admirers—The new Congress can offer to the Senate a fair bill with specific duties as its base and the recent circular of Mr Walker showing the evil workings of his ad valorem duties will unquestionably secure for the new bill its sanction, so that without a change in the political character of a majority of the Senate, the main feature in the Whig revenue system—specific duties when practicable—may be obtained

☞In his admirable lectures to young men, the Rev Henry W Beecher, makes mention of a number of characters to be found in most communities and against which he warns his readers, as occupying a position equally if not more evil than those who openly stand ready to injure the community by lying by slander by over reaching and plundering

One of these characters is the Cynic described by the author as one who never sees a good quality in a man and never fails to see a bad one He is the human owl vigilant in darkness and blind to light, mousing for vermin and never seeing noble game The Cynic puts all human actions into only two classes—*openly* bad, and *secretly* bad All virtue and generosity and disinterestedness are merely the *appearance* of good, but selfish at the bottom He holds that no man does a good thing except for profit. The effect of his conversation upon your feelings is to chill and sear them to send you away sore and morose

His criticisms and innuendoes fall indiscriminately upon every lovely thing, like frost upon the flowers If a man is said to be pure and chaste, he will answer *Yes, in the day time* —If a woman is pronounced virtuous, he will reply, *yes, as yet* Mr A is a religious man, *yes on Sundays* Mr B has just joined the church, *certainly the elections are coming on* The minister of the gospel is called an example of diligence *It is his trade.* Such a man is generous *of other men's money* This man is obliging *to lull suspicion and cheat you* That man is upright, *because he is green* Thus his eye strains out every good quality and takes in only the bad To him *religion* is hypocrisy, honesty a preparation for fraud, virtue only want of opportunity, and undeniable purity asceticism —The live-long day he will coolly sit with sneering lip, uttering sharp speeches in the quietest manner and in polished phrase transfixing every character which is presented These words are softer than oil, yet are they drawn swords

All this, to the young, seems a wonderful knowledge of human nature, they honor a man who appears to have *found out* mankind *They* begin to indulge themselves in flippant sneers, and with supercilious brow, and impudent tongue, wagging to an empty brain, call to naught the wise, the long tried, and the venerable.'

In reflecting upon the character and conduct of the Cynic and of his imitators, Mr Beecher thus eloquently and beautifully expresses his protest against the principles and conduct of both.

"I do believe that man is corrupt enough, but something of good has survived his wreck, something of evil religion has restrained, and something partially restored, yet, I look upon the human heart as a mountain of fire. I dread its crater I tremble when I see its lava roll the fiery stream Therefore, I am more glad, if in the old crust of past eruptions, I can find a single flower springing up. So far from *rejecting* appearances of virtue in the corrupt heart of a depraved race, I am eager to see their light as ever mariner was to see a star in a stormy night.

Moss will grow upon gravestones, the ivy will cling to the mouldering pile, the mistletoe springs from the dying branch, and, God be praised, something green, something fair to the sight and grateful to the heart, will yet twine around and grow out of the seams and cracks of the desolate temple of the human heart!

Who could walk through Thebes, Palmyra, or Petra, and survey the wide waste of broken arches, crumbled altars, fallen pillars, effaced cornices, toppling walls, and crushed statues, with no feelings but those of contempt? Who, this sorrowing, could see the stork's nest upon the carved pillar, satyrs dancing upon marble pavements and scorpions nestling where beauty once dwelt, and dragons the sole tenants of royal palaces? Amid such melancholy magnificence, even the misanthrope might weep! If here and there an altar stood unbroken or a graven column unblemished, or a statue nearly perfect, he might well feel love for a man wrought stone, so beautiful, when all else is so dreary and desolate Thus though man was a desolate city, and his passions are as the wild beasts of the wilderness howling in kings palaces, yet he is workmanship, and a thousand touches of exquisite beauty remain Since Christ hath put his sovereign hand to restore man's ruin, many points are remoulded, and the fair form of a new fabric already appears growing from the ruins, and the first faint flame is glimmering up on the restored altar

It is impossible to indulge in such habitual severity of opinion upon our fellow-men, without injuring the tenderness and delicacy of our own feelings A man will be what his most cherished feelings are If he encourage a noble generosity, every feeling will be enriched by it, if he nurse bitter and envenomed thoughts, his own spirits will absorb the poison, and he will crawl among men as a burnished adder, whose life is mischief, and whose errand is death

Although experience should correct the indiscriminate confidence of the young no experience should render them cautious to goodness whosoever seen He who hunts for flowers, will find flowers, and he who loves weeds, may find weeds Let it be remembered, that no man, who is not himself morally diseased, will have a relish for disease in others A swollen wretch blotted all over with leprosy, may grin hideous at every wart or excrescence upon beauty A wholesome man will be pained at it, and seek not to notice it Reject then the morbid ambition of the Cynic, or cease to call yourself a man!

The Suliote.

To the Editor of the Whig and Courier

DEAR SIR —I observed in the Mercury of your city of the 10 h, a communication in relation to the bark Suliot, which is so manifestly unfair, that I hope you will as a matter of common justice, give place to this reply, in order to disabuse any person who may be deceived by its misrepresentations, and who are ignorant of the malicious motives entertained by the one or more persons who dictated it

The Bark is *not* to sail from Boston She will positively take her departure from this port, and as near the time advertised as can be done consistently with the comfort and health of her passengers

The cabin will *not* be built over five feet of green lumber, and the Captain never made such a statement The lumber that will be placed in her hold, will be *dry*, and well seasoned, and the boards planed, and only such quantity put in as will leave ample room for the height of the cabin The vessel is eleven feet in the hold, and if there are five feet of lumber placed in her, there will be six feet left In regard to the lumber, enquiries may be made of Mr Cushing of Frankfort

The health of all concerned, will, I feel well assured, be well cared for by captain and owners Ventilation will be secured from the house which is to be erected over the hatch, and which will give sufficient light and easy access to the cabin To compare such a vessel as the Suliote to an African trader, is not only an insult to every one of the intelligent men who have secured a passage in her, but must appear ridiculous on its face to any one but a greenhorn who does not know salt water from fresh The Bark Suliote is a new vessel, and has the reputation in Belfast of being the best vessel that has been constructed for a long voyage out of 30 or 40 built here this summer She has been thoroughly coppered, and is completely furnished with extra sails and riggin,

As to the fare, it is not to be expected that we shall live on salmon and green peas every day—but what will be furnished will be of good quality and enough of it So far from having any need to fear sickness and death, the passengers have good reason to believe that the sea voyage will give them better health, and more robust frames, when they get round Cape Horn, than when they leave Belfast

The source of such a mean and malicious article, and the interested motives of its authors, will be apparent to any one who is acquainted with the systematic attempt made to injure the Bark, by deceiving passengers who have the good sense to prefer a clean, fast, substantial vessel of 264 tons to the interior accommodations of a mere Schooner, with but 7 feet 10 inches depth of hold, for *both* cargo and passengers

I give you my name, Mr Editor, that you may rely upon these statements, and I think it will be sufficient to convince you that I have no other motives in writing this reply to a gross and unfounded attack, than those which are held in common with

Enterprise

We find the following notice of Simmons's Oak Hall establishment in this city, in Hunt's Merchant's Magazine Few of our readers who have not visited this immense establishment can have any idea of the amount of business done, or of the admirable system by which it is managed by Mr. Simmons

A Model Clothing establishment There is in Boston one of the largest establishments for the manufacture of clothes in the United States—We allude to GEORGE W SIMMONS' 'Oak Hall Rotunda,' as it is termed by its enterprising proprietor Some idea of its extent may be gathered from the fact that the sales amount to half a million of dollars per annum, and, that there are employed in the manufacture 25 [illegible] cutters and trimmers, 2 bookkeepers, 1 cashier and assistant, 1 paymasters, 5 runners, 2 expresses 30 salesmen, and 3000 operatives constantly plying the needle The Boston Post furnishes the following description of this mammoth concern

Mr George W Simmons, of Oak Hall, has marked the season by making a most important improvement in his vast establishment. He has added a spacious and lofty rotunda in the rear of the large sales rooms on Ann street This rotunda is also for a clothes mart and is well worthy of a description, and should be visited, as an object of interest by those who are anxious in observing how the trade of Boston in the clothing branch is rapidly increasing The dimensions of the rotunda are 50 feet by 47, giving an area of 2350 feet on the basement floor, and the depth from the centre of the splendid variegated sky light to the floor is 65 feet The light is 20 feet by 13 and the stained glass is of the most beautiful pattern The main saloon open from the first raised floor to the stucco work ceiling, and filled with a flood of light from above and on every side, is in fact divided into two apartments, by means of a gallery of oak, with an elegant iron balustrade —The gallery is reached by a short flight of stairs which branch off into a pair, turning to the right and left on the west side Above the basement portion the form is elliptic On the first floor there are two elliptic counters, with room on each for nine salesmen to wait on customers at ease—making eighteen in all at the counters, and around the counters are shelves for 8000 articles of clothing In the intervals are four small rooms, or lighted closets, for assorted made up clothing Between the counters and the well room railing is a broad promenade, from which may be seen not only all the parts of the rotunda, but the two sales rooms which project into Ann street This view is obtained by means of two twelve-feet doors which afford access to the rotunda from the Ann street rooms In the second, or gallery tier, are no less than twelve rooms for assorted garments regularly classified, and completely lighted with ample windows Here, too, is Mr Simmons's own apartment, on the western side of the gallery, which commands a view of the whole establishment, resembling a gay bazar, with two long streets In the night the light is supplied by 24 gas burners in shaded globes—The walls from the gallery to the dome are ornamented by beautiful pilasters of the Corinthian order The basement apartment is devoted to woolens and piece goods, and an immense furnace set up by Mr White, for warming the establishment in winter Here, then, we have 'Oak Hall for Eighteen Hundred and Forty nine,' the most extensive establishment for the sale of clothing in the United States, namely, a rotunda of three tiers, counting the pit, two long avenues, alive with salesmen, projecting from the rotunda to Ann street, and five large store and sales rooms up stairs in the old building There are on hand in this immense magazine of wearing apparel 45 000 garments, and stock enough for 60 000 more, and the entire arrangement, regarded as a whole, is much more like a vast clothing fair than a retail store

Gen Taylor in London.

The Panorama of the Mississippi was exhibited during the early part of December, in London, to very large assemblages At the view of Baton Rouge, and the steamer General Taylor, the entire audience rose and gave three cheers Of course, the feelings of every American present beat high, at this spontaneous tribute to the worth of the Old Hero

Slavery in Virginia.

The Fellowsville (Va) Democrat thus speaks of the abolition of Slavery in the District

"We predict that the act abolishing Slavery and the Slave Trade in the District of Columbia will pass, and that not one Slave will be liberated by it The slaves will all be removed, and the South will retain them Nevertheless, we earnestly hope that to free the entire white population of the States from the reproach of an enlightened Christendom, the act may pass

Effects of being a good Boy.

Joseph Ritner, who was for some time a member of the Legislature of Pennsylvania, and afterwards Governor of that State, was once a bound boy to Jacob Myers, an independent farmer who brought him up While he was Governor, there was a celebration of the Fourth of July, at which he gave the following toast —'Joseph Ritner—he always was a *good boy* and has still grown better Every thing he did he always did well, he made a *good farmer* and a good *legislator*, and he makes a *very good Governor* All this man's greatness was the result of his being a good boy

Several of the directors of the A & St L Railroad among whom was Hon J S Little, President of the Board, were in this town and vicinity a few days since, for the purpose of selecting a location for a depot for this section of the road A report will doubtless soon be made and public anxiety relieved in reference to the matter The road is progressing as fast as circumstances will warrant, towards completion, and we may confidently expect that the cars will commence their trips between Paris and Portland, at the expiration of a very few months —Norway Adv

Meeting of the Waters.

We sat down upon the curbstone and laughed some, the other night—we did—to witness the operations of Eliphalet C with a pump, which he mistook for a former friend of his, and with whom he was anxious to make friends

The night was rather dark, and Eliphalet, more than usual 'tee d'

'Hul—low!' said Eliphalet, addressing the wooden, faithful servant of the public, 'I thought it was you when I first see you standing on the corner, You aint nothing agin me, have you? Did I ever injure in the least? Have I ever said anything agin your character as a man and a good citizen? You don't say yes nor no, eh? Now look here Frank, let's shake hands and make up?

With that he caught the handle of the pump, and with a perpendicular shake, caused a few drops of water to trickle from its spout

'It's a trying time, I know, said Eliphalet, but there's no use of shedding tears on the occasion. We are just as good friends now as we ever were

Partially recovered from our laughing fit, we rose and begged of him to cease molesting a harmless, unoffending pump, 'Then that's a pump,' is it? remarked Eliphalet, with evident surprise; 'well I'll be [illegible] I did think it was a—pump' and nobody else!

FITS! FITS!

HARTS' VEGETABLE EXTRACT

Is the only remedy that can be relied on for the permanent cure of Spinal Complaints, Spasmodic Contractions, Irritation of the Nerves, Nervous or Sick Headache, Nervous Tremors, Neuralgic Affections, Apoplexy Paralysis, General debility Deficiency of Nervous and Physical Energy and all Nervous Disorders, including the most dreadful of all diseases that ever afflict the human race

EPILEPTIC FITS,

or Falling Sickness Hysterical Fits Convulsions, Spasms, &c Dr Hart would impress it upon the minds of the afflicted that the Vegetable Extract is the only remedy ever discovered that can be relied on for the permanent cure of this most dreadful of all diseases Its tendency is to insanity, madness and death, the most

SKILLFUL PHYSICIANS

of Europe, as well as those of our own country have pronounced Epilepsy incurable And it has been so considered by many, until this most important of all discoveries was made by Doctor S Hart nearly sixteen years since, during which time it has been performing some of the most

REMARKABLE CURES

upon record and has acquired a reputation which time alone can efface Physicians of undoubted skill and experience, ministers of various denominations, as well as hundreds of our community, are all united in recommending the use of this truly valuable medicine to their patients, charge and friends, who are thus afflicted as the only remedy

WE QUOTE THE LANGUAGE

used by those who have been cured by this valuable medicine One says "I have suffered beyond my power of description but now I rejoice in being fully restored to health and happiness Another says, "I thank God I feel like a well man I also feel it my duty to proclaim it to the ends of the earth, that those similarly afflicted may find relief Another, who is an

EMINENT LAWYER,

and well known in this city, says "my son has been afflicted for years with Epilepsy but is now enjoying good health from the Vegetable Extract Its fame," he says "should and ought to be sounded to the ends of the earth And he says "Language is entirely inadequate to express my gratitude to Dr Hart, for having been the means, under the blessing of God of restoring me to good health after having been afflicted with Epilepsy in its worst form for more than twenty three years, and my morning and evening oblation of praise and thanksgiving shall continue to ascend to that God who has afflicted but to make me whole."

Mrs J Bradley 115 Orchard street, New York states that she has been subject to Fits for many years and has been restored to perfect health (after every other means had failed) by the use of the Vegetable Extract

Dr Charles A Brown of Dover Russell co Alabama, who is one of the best Physicians in the State, says that he has been much benefitted by the use of the Vegetable Extract and that he unhesitatingly prescribes it in every case of Epilepsy which comes under his knowledge

Curtis G Mayberry, Esq formerly Postmaster at Lima Mills, Crawford Co, Pa, now living in Erie Co Pa states that for many years past he has been sorely afflicted with Fits, and he is now happy to state that a persevering use of Dr Hart's Vegetable Extract has restored him to sound health, being entirely freed from that worst of all diseases

Mr Stephen E Pratt, corner of Sixth Avenue and Twenty sixth Street, New York states that Mr Charles E Boughton, a member of his family has been severely afflicted with Epileptic Fits for many years that he was obliged to relinquish his business Having used Dr Hart's Vegetable Extract (says Mr P) he was soon restored to perfect health and left this city for the State of Ohio to resume his business

Rev Mr Smith, Rector of St Peter's Church, Spotswood New Jersey who has been afflicted with Epileptic Fits for more than forty years, states that he has used Dr Hart's Vegetable Extract, and has health has been so much improved that he hopes by Divine blessing to have no more Fits

EPILEPTIC FITS,

For twenty seven years and six months, cured by the use of this truly wonderful medicine

Read the following remarkable case of the son of Wm Secore, Esq of Philadelphia afflicted with Epileptic Fits for twenty seven years and six months — After travelling through England Scotland Germany, and France, consulting the most eminent physicians, and expending for medicine, medical treatment and advice three thousand dollars returned with his son to this country in November last, without receiving any benefit whatever and was cured by using

HART'S VEGETABLE EXTRACT

I have spent over three thousand dollars for medicine and medical attendance I was advised to take a tour to Europe with him, which I did I first visited England I consulted the most eminent physicians there in respect to his case, they examined him and prescribed accordingly I remained here three months without perceiving any change for the better which cost me about two hundred and fifty dollars, pocketed by the physicians and the most that I received was their opinion that my son's case was hopeless, and

POSITIVELY INCURABLE.

I accordingly left England travelled through Scotland, Germany and France and returned home in the month of November, with my son as far from being cured as when I left I saw your advertisement in one of the New York papers, and concluded to try Hart's Vegetable Extract seeing your statements and certificates of so many cures, some of twenty and thirty years standing, and I can assure you I am not sorry I did so as by the use of Hart's Vegetable Extract alone he was restored to

PERFECT HEALTH

His reason which was so far gone as to unfit him for business is entirely restored, with the prospect now before him of life, health and usefulness He is now 28 years of age and 27 years 6 months of this time he has been afflicted with this most dreadful of diseases, but thank God is now enjoying good health.

Now sir, faith without works I don't believe in — To say I shall be ever grateful to you is one thing and as I here enclose you one hundred dollars I have no doubt you will think this another and quite a different thing The debt of gratitude I still owe you but please accept this amount as interest on the debt in advance Yours very respectfully,

(Signed) WILLIAM SECORE

RHEUMATISM

This is only one of more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured The most severe and chronic cases are weekly eradicated by its extraordinary virtues

James Cummings Esq, one of the assistants in the Lunatic Asylum Blackwell's Island is the gentleman spoken of in the following letter

Blackwell's Island, Sept 14 1847

Dr Townsend—Dear Sir I have suffered terribly for nine years with the Rheumatism considerable of the time I could not eat sleep or walk I had the most distressing pains and my limbs were terribly swollen I have used four bottles of your Sarsaparilla and they have done me more than one thousand dollars worth of good I am so much better—indeed I am entirely relieved You are at liberty to use this for the benefit of the afflicted Yours respectfully, JAMES CUMMINGS

FITS! FITS! FITS

Dr Townsend not having tested his Sarsaparilla in cases of Fits of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County

Fordham August 13 1847

Dr Townsend—Dear Sir I have a little girl seven years of age who has been several years afflicted with Fits we tried almost everything for her but without success, at last although we could find no recommendation in your circulars for cases like hers we thought as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength but she has had no return of the Fits, to our great pleasure and surprise She is fast becoming rugged and hearty, for which we feel grateful Yours respectfully,

JOHN BUTLER, Jr

FEMALE MEDICINE

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness Prolapsus Uteri or Falling of the Womb, Costiveness Piles Leucorrhoea or Whites obstructed or difficult menstruation Incontinence of Urine or involuntary discharge thereof and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness, or accident Nothing can be more surprising than its invigorating effects on the human frame Persons all weakness and lassitude, from taking it at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame which is the great cause of Barrenness It will not be expected of us in cases of so delicate a nature to exhibit certificates of cures performed but we can assure the afflicted that hundreds of cases have been reported to us Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine have been blessed with fine healthy offspring

TO MOTHERS AND MARRIED LADIES

This extract of Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period *The turn of life* should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life This period *may be delayed for several years by using this medicine* Nor is it less valuable for those who are approaching womanhood as it is calculated to assist nature by quickening the blood and invigorating the system Indeed this medicine is invaluable for all the delicate diseases to which women are subject

It braces the whole system renews permanently the natural energies—by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease By using a few bottles of this medicine, many severe and painful surgical operations may be prevented

GREAT BLESSING TO MOTHERS AND CHILDREN

It is the safest and most effectual medicine for purifying the system and relieving the sufferings attendant upon child birth ever discovered It strengthens both the mother and child prevents pain and disease, increases and enriches the food—those who have used it think it is indispensable It is highly useful both before and after confinement as it prevents diseases attendant upon childbirth—in Costiveness Cramps, Swelling of the Feet, Despondency Heartburn, Vomiting Pain in the Back and Loins False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal The great beauty of this medicine is, it is always safe and the most delicate use it most successfully very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful. Exercise in the open air and light food with this medicine, will always ensure a safe and easy confinement

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the "human face divine," as well as in the garden of rich and delicately tinted and variegated flowers. A free, active and healthy circulation of the fluids of the ... pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty It is that which imparts the indescribable shades and flushes of loveliness that all admire, but none can describe This beauty is the offspring of nature—not of powder or soap If there is not a free and healthy circulation, there is no beauty If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating.

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes, and beautiful complexions, they should use Dr Townsend's Sarsaparilla Thousands who have tried it are more than satisfied, are delighted. Ladies of every station crowd our office daily

NOTICE TO THE LADIES

Those that imitate Dr Townsend's Sarsaparilla have invariably called their stuff a *great remedy for females, &c, &c*, and have copied our bills and circulars which relate to the complaints of women, word for word—other men who put up medicine have, since the great success of Dr Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. A number of these Mixtures, Pills, &c, are injurious to females, as they aggravate disease, and undermine the constitution.

SCROFULA CURED.

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood Three persons cured in one house is unprecedented.

THREE CHILDREN.

Dr Townsend—Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine — They were afflicted very severely with bad sores, have taken only four bottles, it took them away, for which I feel myself under great obligation Yrs respectfully,

ISAAC W CRAIN, 106 Wooster st

Reliable Evidence of the Efficacy of BUCHAN'S HUNGARIAN BALSAM

[From the Christian Freeman

While we repudiate quackery we are always ready to give credit for that which is truly useful, and to give information which may benefit others A few years ago, a brother of ours, from Norway Me, came into our office in consumption, whom we did not expect to see again on earth We received a letter a few weeks since, from another brother resident in the house with him saying that he was confined to his bed and ... probably continue but a short time Judge then of our surprise when we saw him enter our office He had a bad cough remaining, as it would be natural that he should have, until he has had further time for acquiring strength of lungs But he is in comfortable health The following letter which he addressed to the general Boston Agent for the medicine which has restored him so wonderfully will show what medicine has been the instrument of the good work

Boston, Feb 16 1847

Dr D F Bradlee—Sir—I cannot refrain from any longer word to you in commendation of Buchan's Hungarian Balsam of Life " Here is a plain statement of facts in relation to my case and if they are of any service in inducing the sick to seek relief at the source from whence I obtained it, I shall be thankful

My residence is Norway Me Three years ago last fall I took a violent cold which left a cough of the most aggravated kind, accompanied by a severe pain in the left side Last June I had become so feeble that I was obliged to quit all work, and was confined to the house until about four weeks since During that time I received the best medical attendance, and tried nearly all the remedies which are recommended in such cases but could find no relief, but grew worse, and for the last three weeks was confined to my bed Two of my physicians gave me up as past recovery But as fortune would have it, I heard of the Hungarian Balsam, and immediately procured a bottle This gave me instant relief, and six bottles have broken up my cough, and placed me in a situation to resume, with advancing health, my usual occupation

BE WISE TO-DAY!

Delay in any case of Consumptive tendency, is emphatically Death, under all ordinary treatment The Hungarian Balsam is a great ANTIDOTE, as well as CURATIVE If you have any symptoms above described, be advised in time
